

We take pride in serving your communications needs so you can provide for your community.

SAVINGS: Exceptional service with significant savings over the LEC

STABILITY: Savings are important, but not without service stability

- No network migration required
- Built on largest underlying LEC networks

SUPPORTIVE: E-Rate billing; GSA and other government agency registered

VARIETY: Spectrum Suite of Services to meet your service needs

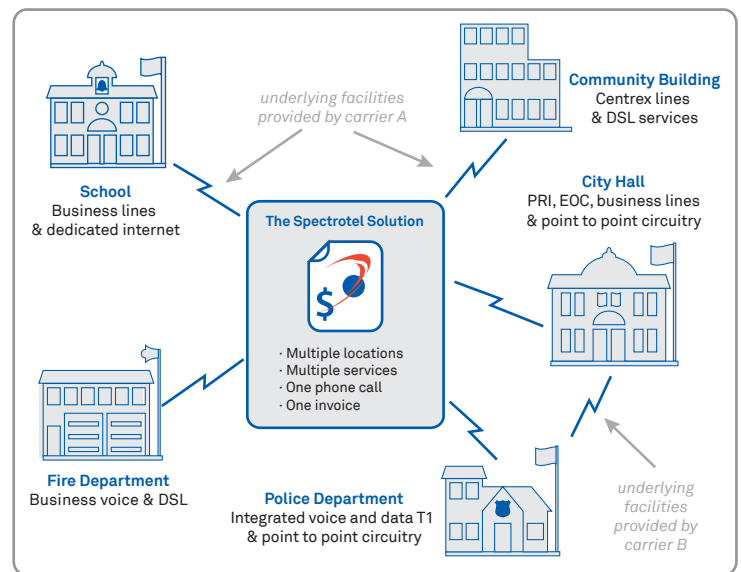

SIMPLICITY: Consolidated, easy to interpret invoices across all locations

FLEXIBILITY: Invoices we can organize to meet your needs by department or cost center, for example, using corporate summaries and parent/child structure

RESPONSIVENESS: Personalized, focused, "live" customer service representatives without computer generated queries or voice prompts

PRIORITIZATION: Registered to provide Telecommunications Service Priority (TSP) to national security and emergency preparedness (NS/EP) organizations

DEPENDABILITY: Tens of thousands of customers, including many community and government offices, depend on Spectrotel for quality solutions, service and savings

We deliver the highest quality.

From your fire department to your schools, the last thing you want to worry about is whether your communications infrastructure is stable enough to keep your buildings and operations online. You want services you can always rely upon, and with shrinking tax revenues and higher unemployment rates, you need immediate economic advantages to flow through to your community coffers. Spectrotel provides quality telecommunications services powered by the largest and most reliable local exchange networks in the nation at a significant savings over the LEC and with personalized customer care. With our Spotlight program you have a named Spotlight Manager to address all of your service needs.

We understand your specific needs.
