

We take pride in keeping your communications services healthy – and your bottom line healthy, too.

STABILITY: Savings are important, but service stability is critical!

- No network migration required
- Built on largest underlying LEC networks

VALUE: Exceptional service with significant savings over LEC

COMPLIANCE: Compliant with HIPAA Privacy Rule and CPNI regulations

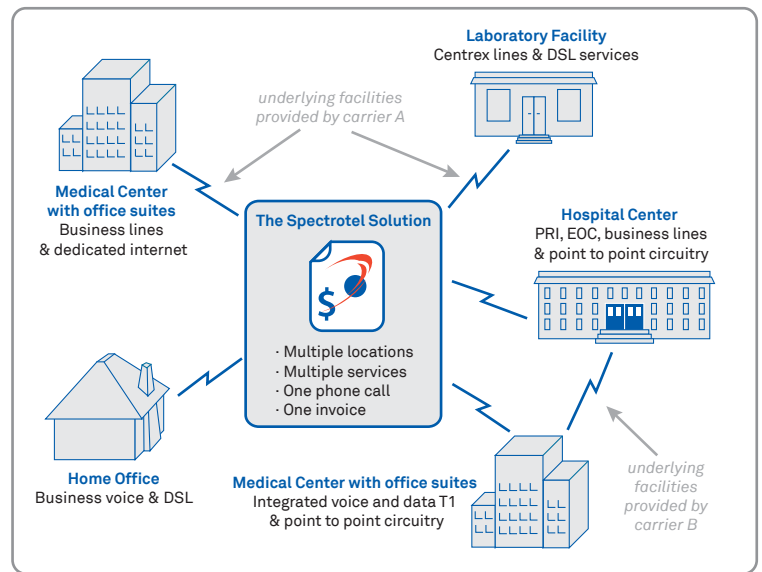

VARIETY: Spectrum Suite of Services to meet your service needs

SIMPLICITY: Consolidated, easy to interpret invoices for effortless administration and online access for real-time information

FLEXIBILITY: Invoices we can organize to meet your needs by department or cost center, for example, using corporate summaries and parent/child structure

RESPONSIVENESS: Personalized focused, “live” customer service representatives without computer generated queries or voice prompts

DEPENDABILITY: Thousands of customers, including major medical facilities depend on Spectrotel for quality solutions, service and savings

We deliver the highest quality.

If you are operating a health care facility, medical practice or other health care related operation, out of all of the things that you have to worry about in today's uncertain world, the last should be your communications infrastructure. You want services you can always rely upon, and you need immediate economic advantages. Spectrotel provides quality telecommunications services powered by the largest and most reliable local exchange networks in the nation at a significant savings over the LEC while bringing you personalized customer care, and with our Spotlight program larger customers will receive dedicated account support from our Spotlight Managers.

We understand your specific needs.
