

Transform your Legacy Copper Networks with Spectrotel's Next Generation Voice Solution

SPECTROTEL POTS IN A BOX®

The time is now to digitally transform your voice and specialty phone lines!

Due to recent changes in FCC regulations and forbearance, carriers are quickly shutting down their aging and costly copper networks resulting in unreasonably high rates that continue to increase year over year. Spectrotel's POTS IN A BOX® allows you to future-proof your business critical lines with a more cost-effective resilient solution.

Supported Applications:

Voice ▪ Fire Alarms ▪ Burglar Alarms ▪ Elevator ▪ ATM
Fax ▪ Emergency Call Boxes ▪ Point of Sale ▪ Security
Gates ▪ Door Access Boxes ▪ Modem Data ▪ Analog
Lines ▪ OOBM

The Leader in POTS Lines Alternatives

Uniform Billing

Save up to 30% on your current spend with uniform, predictable and geography-agnostic billing making accounting far simpler and more manageable.

Advanced Features
