PRICE LIST FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially, however, new sheets are occasionally added to the price list. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14.
- C. Paragraph Numbering Sequence - There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2.
 - 2.(A).
 - 2.(A).1
 - 2.(A).1.(a).
 - 2.(A).1.(a).1.
 - 2.(A).1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).

Schedule 1: Service Charges

1. Service Order and Change Charges

A. General

Non-recurring charges apply to processing Service Orders for new service and for changes in service.

New Installation Charge - applies to requests for initial connection or establishment of telephone service to the Company. This charge applies to each line installed.

Technician Dispatch Charge - applies, in addition to all other charges for the visit, when a visit to the Customer's premises is necessary to move, add, change or install service, or to isolate a problem reported to the Company which cannot be handled remotely. This charge also applies when the Customer fails to meet the Company agent or employees for the prearrangement appointment as requested.

Service Order Change Charge - applies to work associated with Customer-requested changes to existing services, including adding or deleting line features. One Service Order Change Charge applies for each change order requested by the Customer. If multiple changes are requested by the Customer and occur on the same order, only one charge applies.

Schedule 2: Local Exchange Service

1. General

Local exchange, intraLATA and interLATA services are offered to business and residential Customers, where technically and economically feasible, and are available on a presubscription basis from equal access originating end offices only. Rates for service may vary by call type and/or term commitment. Usage rates, per call charges and monthly fees may apply. In addition, applicable Service Order and other non-recurring charges may apply. Call timing is defined in the description for each service. Service is available 24 hours a day, 7 days a week.

A. Application of Business and Residential Rates

- .1 The determination as to whether telephone service should be classified as Business or Residential is based on the character of the use to be made of the service. Service is classified as Business service where the use is primarily or substantially of a business, professional, institutional, or otherwise occupational nature. Where the business use, if any, is incidental and where the major use is of a personal or domestic nature at the person's dwelling, service is classified as Residential service.
- .2 Business rates apply at the following locations, among others:
 - (a) In offices, stores and factories, and in quarters occupied by clubs, lodges, fraternal societies, schools, colleges, libraries, hospitals, and other business establishments.
 - (b) In residence locations where the place of residence is in the immediate proximity to a place of business and it is evident that the telephone in the residence is or will be used for business purposes, and in residence locations where an extension is located at a place where business rates would apply.
 - (c) In the residence of a practicing physician, dentist, veterinary, surgeon, or other medical practitioner who has no service at business rates at another location.
 - (d) In any residence location where there is substantial business use of the service and the customer has no service at business rates.

Schedule 2: Local Exchange Service, (Cont'd.)

1. General, (Cont'd.)

A. Application of Business and Residential Rates, (Cont'd.)

.3 Residence rates apply at the following locations, among others:

- (a) In private residences; in the residential portion of hotels, apartment houses, boarding houses, churches, or institutions when the use of the service is confined to the domestic use of the customer and listings of a business nature are not furnished.
- (b) In the residence of a practicing physician, dentist, veterinarian, surgeon, or other medical practitioner provided that such residence is not a part of an office building and provided the customer has service charged for at business rates another location.

2. Charges Based on Duration of Use

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- A. Calls are measured in durational increments identified for each service. All calls that are fractions of a measurement increment are rounded-up to the next whole unit.
- B. Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person-to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.
- C. Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- D. Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- E. All times refer to local time.

Schedule 2: Local Exchange Service, (Cont'd.)

3. Local Exchange Services

A. General

Local exchange service provides a Customer with a telephonic connection to, and a unique telephone number on, the Company switching network that enables the Customer to:

- a) receive calls from other stations on the public switched telephone network;
- b) access the Company's Local Calling Services and other Services as set forth in this price list;
- c) access interexchange calling services of the Company and of other carriers;
- d) access (at no additional charge) to the Company's operators and business office for service-related assistance;
- e) access toll-free telecommunications services such as 800 NPA; and access toll-free emergency services by dialing 0 or 9-1-1 (where available);
- f) access relay services for the hearing and/or speech impaired.

Local exchange service cannot be used to originate calls to caller-paid information services (e.g., 900, 976) provided by other companies. Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch. Each local exchange service corresponds to one or more telephonic communications channels that can be used to place or receive one call at a time.

Individual line local exchange services are comprised of exchange access lines defined as follows:

Exchange Access Line - The service central office line equipment and all the Company plant facilities up to the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for message toll service and for local calling appropriate to the offering selected by the Customer.

E. Business PBX Trunk Service

PBX Trunk service provides a Customer with a single, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Trunks are provided for connection of Customer-provided private branch exchanges (PBX) or other station equipment to the public switched telecommunications network. An optional per trunk Hunting feature is available for Customers that routes a call to the next idle trunk in a prearranged group.

PBX Trunks are available as Inward, Outward or Two-Way combination trunks where services and facilities permit. PBX Trunks may also be equipped with Direct Inward Dialing (DID) capability and DID number blocks for additional charges.

Recurring charges for PBX Trunk Service are billed monthly in advance. Usage charges, if applicable, are billed in arrears. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company.

Monthly Recurring and Usage Sensitive Charges for Business PBX Trunk Service are specified below. Service Charges and Surcharges for Business PBX Trunk Service are listed in Section 4 of this price list under business rates. Long distance usage will be billed at per-minute rates, as found in Schedule 4 of this price list.

There is 1 service option:

- .1 Basic Measured/Minute Business PBX Trunk Service
Basic Measured/Minute Business Line Service provides business customers with local calling service where local calls are billed on a per-minute of use basis. Basic Measured / Minute Service is only offered to Customers served from Central Offices that have both the capability and capacity to offer such service.

F. Direct Inward Dialing (DID) Service

Direct Inward Dialing ("DID") permits calls incoming to a PBX system or other Customer Premises Equipment to be routed to a specific station without the assistance of an attendant. DID calls are routed directly to the station associated with the called number. DID service as offered by the Company provides the necessary trunks, telephone numbers, and out-pulsing of digits to enable DID service at a Customer's location. DID service require special PBX software and hardware not provided by the Company. Such hardware and software are the responsibility of the Customer.

The following charges apply to Customers subscribing to DID service provided by the Company. These charges are in addition to recurring and nonrecurring charges for PBX Trunks as shown in this price list.

G. Centrex Service

.1 General

Centrex Service is a central office-based PBX service offered to business Customers. Standard pricing plans are offered to Customers with two (2) or more station lines. Centrex configurations and/or features not contained in this Section are offered on an individual case basis, subject to the availability of equipment and facilities necessary to provision the service on a continuing and economically feasible basis. The minimum term commitment for Centrex Service is one (1) month.

.2 Regulations

.a Basic Centrex Service is available to Customers served from a compatible central office where adequate facilities are available. A system must have a minimum of two (2) service lines.

.b The Customer is responsible for notifying the Company thirty (30) calendar days prior to the termination of service.

.c One free Directory Listing is provided with each Centrex Service system. Additional listings are available at rates specified under Directory Listing Services elsewhere in this rate sheet.

.3 Centrex Basic Lines

Basic Lines provide intercommunication on a two-digit basis (activated by dialing the appropriate, pre-programmed intercom code for an associated line (Station To Station Dialing)) in addition to direct access to (Direct Outbound Dialing (DOD)) and from (Direct Inward Dialing (DID)) the exchange network without the assistance of an attendant. Centrex Lines are assigned a 10-digit telephone number and are provided with DOD and DID capability.

.3 Centrex Basic Lines, (Cont'd.)

Centrex Lines can be provided with the following Line Class arrangements:

- .a Unrestricted - An arrangement that has no restrictions on either incoming or outgoing calling.
- .b Partially Restricted Originating - An arrangement that restricts a Centrex Line to only receive local and Long Distance calls, and to make/receive calls to/from other stations in the system.
- .c Fully Restricted - An arrangement that allows intercom-only calling for the Basic Line user.
- .d 700/900/976 Restricted (Originating) - An arrangement which denies the Basic Line user the ability to make outgoing calls to 700/900/976 numbers.

There are two types of Centrex Lines:

- a. Basic Centrex Lines – There is a 2-line minimum and Basic Centrex Lines allow the customer to place an outbound telephone call without first dialing an access code (e.g., 9) (also known as Assume Dial-9 – No Access Code Dialing). Station-to-Station Intercom Dialing is not available for Basic Centrex Lines. Basic Centrex Lines are only available on a Month-to-Month basis.
- b. SpectroFlex Centrex Lines – There is a 2-line minimum and SpectroFlex Centrex Lines allow Station-to-Station Intercom dialing. SpectroFlex customers must first dial 9 before attempting to dial a telephone number outside of their SpectroFlex Centrex system. SpectroFlex Centrex Lines are available on a month-to-month, 1, 3, and 5-Year term basis.

.4 Standard Features

Basic Centrex and SpectroFlex Centrex Line standard features are provided where facilities permit. All Basic and SpectroFlex Lines are equipped with the features as indicated below, but the Customer may choose not to activate all features. The Basic or SpectroFlex Line rates apply regardless of the number of features activated by the Customer.

- a. Call Forwarding - Busy Line - Permits the routing of incoming calls to another specified line of the system if the intended line is in use. With this arrangement, more than one (1) station line can forward to a common station line.
- b. Call Forwarding - Don't Answer - Permits the routing of incoming calls to another specified line of the system if the intended line is unanswered after approximately three (3) ringing cycles.
- c. Call Forwarding - Variable - All Calls: Permits a station user to have incoming calls automatically transferred to another line of the system, or to a line outside the system, for temporary periods. The feature is activated by dialing a code, followed by the line number to which the calls are to be forwarded. The feature is deactivated by dialing another code. Reminder Ring provides for a distinctive ringing signal to be provided to the Call Forward - Variable line at the time the call is forwarded.
- d. Call Hold - Permits an in-progress call to be held for extended period in order that another incoming call on another line may be answered.

.4 Standard Features

- a. Call Pickup - Permits a line user to answer incoming calls to another line within the Centrex System by dialing a special access code.
- b. Call Transfer - Permits a station user to transfer a call to another line either within or outside of the system.
- c. Station Line Hunting - Permits station lines to be arranged in groups so that calls to a busy line in a group will be completed to another line in the group that is not busy.
- d. Three Way Calling - Permits a station user to establish a 3-way conference by placing an in-progress call on hold, through operation of the switchhook, and then dialing another call. By again operating the switchhook, the station user can connect the two calls.
- e. Touch Tone - All Centrex Lines are equipped for Touch Tone Calling.

.5 Optional Features

Optional features are offered with each Centrex Service Plan in addition to the Standard Features shown in H.4 preceding. Optional features are provided where facilities are available and consist of the following:

- a. Call Waiting – Terminating - Permits all incoming calls on lines already in use to be "announced" by a short burst of tone (audible only to the called party) and automatically completed upon termination of the in-progress call, or if the in-progress call is placed on Call Hold. This service can be provided for calls originating outside the system or for all calls. Tone Block allows a station user to temporarily deactivate Call Waiting prior to initiating a call or during a call-in progress. The Call Waiting will be automatically reactivated when the call or call attempt is terminated.
- b. Common Intercept - Permits incoming exchange calls to unassigned and/or non-working lines to be intercepted by a standard announcement which informs the calling party that the called number is not in service. Intercommunication calls to unassigned station lines will be intercepted by a standard central office recorded announcement for system calls. This announcement will provide a common message that the number is not in service with advice that the in-house directory should be consulted.
- c. Centrex Automatic Callback - Permits an originating Basic Centrex line user who attempts an intercommunication call to a busy Basic Centrex line to automatically be connected to that line when both called and calling lines become idle, by dialing an activation code. Automatic Callback Calling will only operate for intercommunication calls between lines of the same system. This feature can be canceled by the originating station user dialing a deactivation code.

.5 Optional Features, (Cont'd.)

- d. Directed Call Pickup - Provides the ability for a call directed to a station line to be answered by any other station user by dialing a code number followed by the station line number. This feature offered with or without Barge-In as follows:
 - i With Barge-In - If the call has already been answered, a burst of tone is applied to alert the answering party of the impending presence of a third party. The third party is then bridged into the existing connection.
 - ii Non-Barge In - If the call has already been answered, the station user who dialed the access code receives a busy tone.
- e. Inside/Outside Ringing - Permits the station user to identify the source of incoming calls by a unique ringing pattern.
- f. Night Service - Permits the routing of calls normally directed to the attendant to be directed to pre-selected lines within the system.
- g. Speed Dial – Single Digit - Permits the user to make calls to frequently dialed numbers by using a single-digit dialing code. A Customer-programmable list (eight (8) numbers) is provided per line.
- h. Speed Dial – Two Digit: Permits the user to make calls to frequently dialed numbers by using a two-digit code. A Customer-programmable list (thirty (30) numbers) is provided per line.

Priority Ringing - Differentiates incoming calls from up to ten (10) Customer preselected telephone numbers by signaling the Customer with a distinctive ringing pattern.

Privacy Manager – Works with Caller ID to intercept and send incoming calls identified as "blocked", "out of area", "unavailable", or "unknown." to one of two announcements. The caller is given the opportunity to unblock their number or record their name/company and then be announced to the Subscriber. If the Caller chooses not to unblock their number or record their name, the call is disconnected.

Call Originating Trace – Allows the Customer to dial a Call Trace activation code to initiate a trace of the last incoming call without obtaining prior legal authorization or assistance from the Company. The results of a completed trace will be recorded in the Central Office and will be made available only to law enforcement agencies, as directed by the Customers.

2. Directory Listing Service

A. General Terms and Conditions

- .1 The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by the dominant exchange service provider in the customer's exchange areas of the Station number which is designated as the Customer's main billing number. Directory listings of additional Company Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing
- .2 The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing, or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.
- .3 The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.

2. Directory Listing Service, (Cont'd.)

A. General Terms and Conditions

- .4 Each listing must be designated Government or Business to be placed in the appropriate section of the directory. In order to aid the user of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section and only residential listings in the Residential section. The Company, upon notification to the customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
- .5 In order for listings to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory publishing schedule.
- .6 Rates and regulations for listing service are applicable only to listings in the alphabetical directories.
- .7 Directory listings are limited to such information as is essential to the identification of the listed party. The listing of a service, commodity, or trade name is not permitted unless it is the name, or an integral part of the name, under which the Customer does business.
- .8 A listing is limited to one line in the directory, except where in the judgment of the Company, more than one line is required to identify the Customer properly. In such cases, the additional lines required are provided at no extra charge.
- .9 Listing services are available with all classes of main telephone exchange service.

B. Listings

.1 Primary Listing

One listing, termed the initial listing is included with each Customer's service, and with the initial line of a line hunting group.

.2 Additional Listings

At a charge, additional listings may be included in the alphabetical directory and on directory assistance records or appear on directory assistance records only. The monthly rate for additional listings applies when the listings appear in Directory Assistance records in accordance with the date requested by the customer.

If an additional listing is ordered discontinued by the Customer after the closing of the directory, the monthly rate continues through that issue of the directory and up to the date for rates to be effective for the next directory. If the additional listing is ordered discontinued before the closing date of the directory in which it would first appear the monthly rate continues only to the date of cancellation by the customer, with a minimum service period of one month.

.3 Foreign Listing

Where available, a listing in a telephone directory which is not in the Customer's immediate calling area. The Customer will be charged the rates specified in the price list published by the specific local exchange carrier providing the Foreign Listing.

.4 Nonpublished Service

Nonpublished service means that the customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records. However, such information may be displayed on a call-by-call basis at Public Safety Answering Point locations where Enhanced Universal Emergency Number service is provided (E911).

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the customer paid for non-published service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

Schedule 7: Public Telephone Surcharge

1. General

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all intrastate calls that originate from any pay telephone, not presubscribed to the Company, used to access Company provided services. This surcharge, which is in addition to standard usage charges and any applicable service charges and surcharges associated with service, applies for the use of the instrument used to access Company provided service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (e.g., using the "#" symbol). The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

No. 2 Description of Service

The Company undertakes to furnish residential and business communications service pursuant to the terms of this price list in connection with one-way and/or two-way information transmission between points within the State of California.

Customers and users may use service and facilities provided under this price list to obtain access to services offered by other service providers. The Company is responsible under this price list only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers (e.g., NPA 900, NXX 976, etc.).

Service is offered for local calling to Customers pursuant to the terms of this price list. Descriptions applicable to specific offerings are found in the Rate Schedules contained in Section 1 of this price list.

Service is available 24 hours per day, seven days per week and is subject to the availability of necessary service, equipment and facilities and the economic feasibility of providing such necessary service, equipment and facilities.

Services are offered via the Company's facilities (whether owned, leased or under contract) in combination with facilities services provided by other certificated carriers.

Minimum Period – Business Service is provided on a term basis only. The minimum term period is one (1) year unless otherwise specified in this price list or mutually agreed upon by contract. Penalties may apply for early termination of the term agreement.

No. 3 Application for Service

Service is installed by arrangement between Spectrotel and the Customer.

- A. A Customer desiring to obtain service, which may be initiated based on a written or oral agreement between the Company. The Customer shall be informed of all rates and charges for the services the customer desires and any other rates or charges which will appear on the customer's first bill. The customer must provide the following information: an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed. The confirmation letter must be in a language other than English if the agreement was in another language.

The Company shall designate an address to which the Customer shall mail or deliver all notices and other communications, except that the Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.

If the application is made verbally, the Company will, within 10 days of initiating the service order, provide a confirmation letter setting forth a brief description of the services ordered and itemizing all charges which will appear on the Customer's bill. Within 10 days of initiating service, the Company shall state in writing for all new Customers all material terms and conditions that could affect what the Customer pays for telecommunications service provided by the Company.

During the initial contact all applicants for residential service will be given information regarding the Universal Lifeline program and its availability.

- B. Cancellation of Application for Service:

When a Customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below. The special charges described in this section will be calculated on a case by case basis.

B. Cancellation of Application for Service. (Cont'd.)

Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charges for the minimum period of services orders, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun (all discounted to present value at six percent.)

Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred, let net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.

Charges are subject to the provisions of General Order No. 96-A.

C. Cancellation of Service:

The Customer may have service discontinued upon verbal or written notice to the Company. The Company shall hold the Customer responsible for payment of all bills for service furnished until the cancellation date specified by the Customer or until the date that the written cancellation notice is received, whichever is later. A termination liability charge applies to early cancellation of a term agreement.

Charges are subject to the provisions of General Order No. 96-A.

D. Continuation of Service – Except as otherwise stated in the price list, at the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall be renewed automatically for a one (1) year term, unless the Customer provides notice of intent not to renew such agreement at least thirty (30) days prior to the end of the initial or any additional term. Any termination shall not relieve the Customer of his or her obligation to pay any charges incurred under the Service Order and this price list prior to termination. The rights and obligations which by their nature extend beyond the termination of the terms of the Service Order shall survive such termination.

E. Termination Liability:

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in No. 12 below), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due as of the effective date of the cancellation or termination and be payable within the period, set forth in No. 7 below.

The Customer's termination liability for cancellation of service shall be equal to:

1. all unpaid Non-Recurring charges reasonably expended by the Company to establish service to the Customer; plus
2. any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by the Company on behalf of the Customer; plus
3. 90% of the Monthly Recurring Charge for the service under the term agreement, multiplied by the number of lines, multiplied by the months remaining in the term agreement.

F. Initiation of Service

Within 10 days of initiating service, the Company shall state in writing for all new Customers all material terms and conditions that could affect what the Customer pays for telecommunications services provided by the Company.

A. Advance Payments

At the time an application for service is made, an applicant may be required to pay an amount equal to one month's service charges and/or the service connection and/or equipment charges which may be applicable as well as any nonrecurring charges for any required special construction. The Company will not require advance payments for usage. The advance payment made by the Customer is credited to the Customer's account on the first bill rendered.

B. Deposits

- .1 Requirement: The Company may, at its sole discretion, require an applicant or an existing Customer to post a guarantee for the payment of charges as a condition to receiving service or additional services. The Company reserves the right to review an applicant's or a Customer's credit history at any time to determine if a deposit is required.
- .2 Nondiscrimination: Deposits will not be required by the Company based on race, sex, creed, national origin, marital status, age, number of dependents, condition of physical handicap, source of income, or geographical area of business.
- .3 Amount: The amount of the deposit shall not exceed twice the estimated average monthly bill for the class of service for which the deposit is to be applied. If the Customer requests services in addition to basic service, the average bill will reflect the aggregate services requested by the Customer. Interest on deposits will be set at the 3-month commercial paper rate published by the Federal Reserve Board, except no interest will be paid if the Customer has received a minimum of two discontinuance of service notices in a 12-month period. The fact that a deposit has been made neither relieves the Customer from complying with the Company's regulations on the prompt payment of bills on presentation nor constitutes a waiver or modification of the regulations of the Company providing for the discontinuance of service for nonpayment of any sums due the Company for services rendered. In the event a customer requests services in addition to basic service, the average bill will reflect the aggregate services requested by the Customer.

The balance, if any, will be returned to the Customer within 30 days after discontinuance of service, and will include any interest on the deposit as set forth above.
- .5 Refund after Satisfactory Payment: After payment of all charges for 12 consecutive billing periods, within 30 days, the Company will refund the deposit to the Customer. The refund will include interest at the rate set forth above. Payment of a charge is satisfactory if received prior to the date that the charge becomes delinquent provided that it is not returned for insufficient funds or closed account. However, deposits may not receive interest if the Customer has received a minimum of two notices of discontinuance of service for nonpayment of bills in a 12-month period.
- .6 Deposit Receipt: See Rule 5.
- .7 Deposits shall not be required if the applicant:
- (a) Provides a satisfactory credit history acceptable to the Company. Credit information contained in the applicant's account record may include, but shall not be limited to, account established date, "can-be-reached" number, name of employer, employer's address, Customer's driver's license number or other acceptable personal identification, billing name, and location of current and previous service. Credit cannot be denied for failure to provide social security number.
 - (b) A co-signer or guarantor may be used providing the co-signer or guarantor has acceptable credit history with the Company or another acceptable local exchange carrier.
 - (c) The Company cannot refuse a deposit to establish credit for service. However, it may request that the deposit be in cash or other acceptable form of payment (e.g., cashier's check, money order, bond, letter of credit, etc.).

- .1 Rate information and information regarding the terms and conditions of service will be provided in writing upon request by a current or potential Customer. Notice of major increases in rates will be provided in writing to the Customer and postmarked at least 30 days prior to the effective date of the change. No Customer notice shall be required for minor rate increase or rate decrease. Customers shall be advised of optional service plans in writing as they become available. In addition, Customers shall be advised of changes to the terms and conditions of service which may result in rate increases to some or all Customers or which result in reduced service or increased obligations for Customers.
- .2 When the Company provides information to a consumer which is allegedly in violation of its price lists, the consumer shall have the right to bring a complaint against the Company. If the Commission determines that the complaint is part of a pattern of misinformation or was an attempt to defraud the Customer, the Commission may impose appropriate sanctions.
- .3 The Company will notify Customers in writing of a change in ownership or identity of a Customer's service provider on the Customer's next monthly billing cycle.
- .4 Notices the Company sends to Customers, or to the CPUC, shall be a legible size and printed in a minimum point size of 10 and are deemed made on the date of presentation.
- .5 In addition, Customers shall be advised of changes to the terms and conditions of service which may result in rate increases to some or all Customers or which result in reduced service or increased obligations for Customers. The Company shall provide this notice no later than the Company's next periodic billing cycle.

No. 7 Rendering and Payment of Bills

- A. Customer bills are issued monthly. The Customer will receive its bill on or about the same day of each month. Months are presumed to have 30 days. The billing date is dependent on the billing cycle assigned to the Customer. Each bill contains monthly recurring charges billed in advance, usage charges billed in arrears, and the last date for timely payment. The Company will prorate monthly recurring charges based on a 30-day month.
- B. Bills are due and payable on the date of presentation. Bills may be paid by mail or in person at the business office of the Company or an agency authorized to receive such payment. All charges for service are payable only in United States currency. Payment may be made by cash, check, money order, or cashier's check. Arrangements may be made with the company for credit card payment.
- C. Customer payments are considered prompt when received by the Company or its agent by the due date on the bill. A late payment charge may be applied if payment is not received on or before the late payment date which will be prominently displayed on the customer's bill. the late payment date will be at least fifteen (15) days after the date of presentation on the billing envelope. The Company will credit payments within 24 hours of receipt.

- D. However, if a Customer's service has been discontinued within the past 12 months or if the Customer incurs usage charges during a billing period which are equal to a least 200% of the amount of the Customer deposit or guarantee, payment may be demanded for the usage charges by a telephone call to the Customer followed by written notification of such demand sent by first class mail. If the requested payment is not made within five days from the rendition of written notification or a mutually established late payment arrangement date or 30 days from the date of the bill, the usage charge will be deemed delinquent. Charges deemed delinquent may be subject to the lesser of either a late payment charge of 1-1/2% per month or portion thereof that the bill remains unpaid, or the maximum allowed by law. This amount will be assessed from the date payment was due.

- E. Bills that remain unpaid beyond the due date on the bill will incur a late payment charge of 1.5%, or the highest allowable by law, of the outstanding unpaid balance for each month or part of a month that the bill remains unpaid after the specified due date.

No. 8 Disputed Bill Procedure

A. In the case of a dispute between a Customer and the Company as to the correct amount of a bill rendered by the Company for service furnished to the Customer, that cannot be adjusted with mutual satisfaction, the Customer may make the following arrangements:

- .1 The Customer may make a written request, and the Company shall comply with the request, for an investigation and review of the disputed amount.
- .2 The undisputed portion of the bill and subsequent bills, other than the disputed amount, must be paid by the "Due by" date shown on the bill. If the undisputed portion of the bill and subsequent bills become delinquent as described in Rule No. 8, the service may be subject to disconnection if the Company has notified the Customer by written notice of such delinquency and impending termination.
- .3 If there is still disagreement about the disputed amount after an investigation and review by a manager of the Company, the Customer may appeal to the Consumer Affairs Branch ("CAB") of the CPUC for an investigation and decision. To avoid disconnection of service, the Customer must submit the claim and, if the bill has not been paid, deposit the amount in dispute with CAB within 7 calendar days after the date on which the Company notifies the Customer that the investigation and review have been completed and that such deposit must be made or service will be disconnected. However, the service will not be disconnected prior to the Due by Date shown on the bill. The Company may not disconnect the Customer's service for nonpayment as long as the Customer complies with these conditions.
- .4 The Company shall respond within 10 business days to requests for information issued by CAB. CAB will review the Customer's claim of the disputed amount, communicate the results of its review to the Customer and the Company, and disburse the monies deposited by the Customer.

A. Allowances for Interruptions in Service

Credit allowance for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications system provided by Customer, are subject to the general liability provisions set forth in Rule 18, herein. It shall be the obligation of the Customer to notify the Company of any interruptions in service. Before giving such notice, Customer shall ascertain that the trouble is not being caused by any action or omission of Customer, not within his control, or is not in wiring or equipment connected to the terminal of the Company.

B. Credit for Interruptions

- .1 A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this price list. An interruption period begins when the Company becomes aware of the interruption. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- .2 For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

No. 15 Measurement of Service

When charges for calls are mileage sensitive, airline mileage is computed as described below.

Calls are measured and rounded to the higher full minute from the serving wire center of the Customer's originating location to the serving wire center of the destination of the call, regardless of Company routing. The distance between the serving wire center origination point and that of the destination point is calculated by using the "V" and "H" coordinates as defined by Bell Communications Research (BellCore) and NECA Tariff FCC No. 4 in the following manner:

Step 1 Obtain the "V" and "H" coordinates for the originating and terminating wire centers.

Step 2 Obtain the difference between the "V" coordinates of each of the serving wire centers.
Obtain the difference between the "H" coordinates.

Step 3 Square the differences obtained in Step 2.

Step 4 Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 Divide the sum of the squares obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results.

Step 6 Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the airline mileage of the call.

- A. The Customer is responsible for: 1) placing any necessary orders; 2) complying with regulations; 3) for assuring that users comply with regulations; 4) payment of charges for calls originated from the Customer's telephone lines.
- B. The Customer is responsible for arranging access to its premises at times mutually agreeable to Company and the Customer when required for installation, repair, maintenance, inspection or removal of equipment associated with the provision of Company services.
- C. The Customer is responsible for maintaining its terminal equipment and facilities in good operating condition. The Customer is liable for any loss, including loss through theft, of any Company equipment installed at Customer's premises.
- D. The Customer shall be responsible for all calls placed by or through Customer's equipment by any person. In particular and without limitation to the foregoing, the Customer is responsible for any calls placed by or through the Customer's equipment via any remote access features. The Customer is responsible for all calls placed via their authorization code as a result of the Customer's intentional or negligent disclosure of the authorization code.

- E. The Customer and any authorized or joint users, jointly and serially, shall indemnify and hold the Company harmless from claims, loss, damage, expense (including reasonable court costs and attorneys' fees as determined by the CPUC or the court), or liability for patent infringement arising from (1) combining with, or using in connection with facilities the Company furnished, facilities the Customer, authorized user, or joint user furnished or (2) use of facilities the Company furnished in a manner the Company did not contemplate and over which the Company exercises no control and from all other claims, loss, damage, expense (including the reasonable court costs and attorneys' fees as determined by the CPUC or the court), or liability arising out of any commission or omission by the Customer, authorized user, or joint user in connection with the service. In the event that any such infringing use is enjoined, the Customer, authorized user, or joint user, at its option and expense, shall obtain immediately a dismissal or stay of such injunction, obtain a license or other agreement so as to extinguish the claim of infringement, terminate the claimed infringing use, or modify such combination so as to avoid any such infringement.

In addition and without limitation, the Customer, authorized user, or joint user shall defend, on behalf of the Company and upon request by the Company, any suit brought or claim asserted against the Company for any such claims, including but not limited to slander, libel, or infringement.

A. Basis for Charges

Special Construction Charges apply where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's price lists. Charges are subject to the provisions of General Order No. 96-A. Charges will be based on the costs incurred by the Company (including return) and may include:

- (1) nonrecurring charges;
- (2) recurring charges;
- (3) termination liabilities; or
- (4) combinations of (a), (b), and (c).

- B. To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of a Customer.
- .1 The period on which the termination liability is based is the estimated service life of the facilities provided.
 - .2 The amount of the maximum termination liability is equal to the estimated amounts (including return) for:
 - (a) Costs to install the facilities to be provided including estimated costs for the rearrangements of existing facilities. These costs include:
 - (1) equipment and materials provided or used;
 - (2) engineering, labor, and supervision;
 - (3) transportation; and
 - (4) rights of way and/or any required easements;
 - (b) license preparation, processing, and related fees;
 - (c) price list preparation, processing and related fees;
 - (d) cost of removal and restoration, where appropriate; and
 - (e) any other identifiable costs related to the specially constructed or rearranged facilities.
 - .3 The termination liability method for calculating the unpaid balance of a term obligation is obtained by multiplying the sum of the amounts determined as set forth in the preceding section by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined in the preceding section shall be adjusted to reflect the redetermined estimated net salvage, including any reuse of the facilities provided. This amount shall be adjusted to reflect applicable taxes.
 - .4 Charges are subject to the provisions of General Order No. 96-A.

No. 23 Services for the Deaf and Disabled

The Company will provide telecommunications relay access to a telephone relay center for California Relay Service. In addition, the Company will participate in the Deaf and Disabled Equipment Program. Both of these services will be provided by Pacific Bell in Pacific Bell exchanges and by Verizon of California in Verizon exchanges.

The Relay Service permits telephone communications between hearing and/or speech impaired individuals who must use a TDD or a Teletypewriter (TTY) and individuals with normal hearing and speech. The Relay Service can be reached by dialing an 800 number. Specific 800 numbers have been designated for both impaired and non-impaired Customers to use.

- A. Only intrastate calls can be completed using the California Relay Service under the terms and conditions of this price list.
- B. The following calls may not be placed through the Relay Service:
 - .1 calls to informational recordings and group bridging service;
 - .2 calls to time or weather recorded messages;
 - .3 station sent paid calls from coin telephones; and
 - .4 operator-handled conference service and other teleconference calls.

No. 24 Emergency Telephone Number Service (911 Service)

A. General

Emergency Telephone Number Service (911 Service) is an arrangement of Company central office and trunking facilities whereby any telephone user who dials the number 911 will reach the emergency report center for the telephone from which the number is dialed or will be routed to an operator if all lines to an emergency report center are busy. If no emergency report center exists for a central office entity, a telephone user who dials the number 911 will be routed to an operator. The telephone user who dials the 911 number will not be charged for the call.

B. Multi-line Telephone System ("MLTS") Access

The 911 Service network offers MLTS owners/operators/lessees ("Customers") the option to provide telephone station location information to the 911 Database used by 911 dispatchers. When an end user dials 911 from a Multi-line Telephone System, the actual location of the end user may not always be accurately transmitted to the 911 dispatcher at the Public Safety Answering Point ("PSAP"), who may receive the location of the main number or the pilot number of a hunt group instead.

It is the Customer's responsibility to provide, and update if necessary, accurate Automatic Number Identification (ANI) and Automatic Location Identification (ALI) sub-address ("station") information to the 911 database administrator. Once the Customer provides ANI and ALI sub-address information to the 911 database administrator, it is the responsibility of the Company to provide the location of the pilot number to the PSAP for 911 calls and, where technically and operationally feasible, the Company will deliver ANI to the PSAP at a station level behind a Multi-line Telephone System.

A. Solicitation of Customer Authorization for Service Termination and Transfer

Solicitations by the Company, or its agents, for Customer authorization for termination of service with an existing carrier and the subsequent transfer to the Company must include current rate information on the Company and information regarding the terms and conditions of service with the Company. Such solicitation must conform with California Public Utilities Code Section 2889.5 and be legibly printed in at least 10 point type. A penalty or fine of up to \$500 may apply for each violation of this Rule.

B. Unauthorized Service Termination and Transfer

The Company shall restore the Customer's service to the original carrier without charge to the Customer where that service has been changed on an unauthorized basis. All Company billings during the unauthorized service period shall be refunded to the Customer. If the Company is found responsible for the unauthorized transfer it will reimburse the original carrier for reestablishing service at the rate of the original carrier. No. 26 Privacy

The Company shall not make available to any other person or corporation Customer information that is not public without first obtaining the Customer's consent in accordance with Public Utilities Code Sections 2891, 2891.1 and 2893. The Company will provide each new Customer, and on an annual basis for existing Customers, a description of how the Company handles the Customer's private information and a disclosure of ways in which such information might be used or transferred that would not be obvious to the Customer.

Notwithstanding the above, there are instances where the Company may be required to release certain non-public Customer information without first notifying the Customer and obtaining written consent. Consistent with the California Public Utilities Code, the Company will provide required Customer information to an emergency agency responding to a 911 call, or other call communicating an imminent threat to life or property, to a law enforcement agency in response to lawful process, to a collection agency for the purpose of collecting unpaid debts, to the CPUC pursuant to its jurisdiction, to other telephone companies, including local and long distance carriers, as necessary to provide telephone service within or between service areas, to the Federal Communications Commission or the CPUC in response to orders regarding the provision of services over the Company's facilities by parties other than the Company. In addition, except for Customers subscribing to nonpublished numbers, the Company will release information that is customarily provided in a subscriber directory or through directory assistance services. Finally, the Company may provide the names and addresses of Customers subscribing to LifeLine service to other certificated California utilities for use in outreach programs directed towards low-income subscribers.

C. Notification to Customer

The telephone company shall not notify the Customer regarding the release of the Customer's nonpublished information unless the Customer contacts the Company and specifically requests to know whether their nonpublished information has been released.

When a Customer inquires of the Company whether their nonpublished information has been released, the Customer shall be informed that if information has been released, they will be notified by mail about what information was released and which agency requested the information. If there was no release of nonpublished information, the Customer will receive no communication from the Company.

If the requesting agency certifies that disclosure to a Customer about the release of his or her nonpublished information to that agency could impede an ongoing criminal investigation, the telephone company shall withhold notice to the Customer for a period of one year from the date of release of the information to the agency.

The one-year period of nondisclosure shall be extended for successive one-year periods upon new written certification by the agency in each instance.

If no request has been made for nondisclosure to the Customer, the Customer who inquires shall be notified in writing as to the identity of the agency which requested the nonpublished information and the information released.

If there has been no request for nondisclosure within 25 working days after the expiration of any outstanding certification for nondisclosure, or any renewal of such certification, a Customer who has previously inquired, at any time during the period of nondisclosure, whether their nonpublished information was released, shall automatically be notified in writing by the Company that such information was released and which agency received the information.

No. 29 Legal Requirements for Refusal or Discontinuance of Service

California Public Utilities Commission's Decision No. 91188 in Case No. 4930 requires that each communications utility operating under the jurisdiction of the CPUC include the provisions of the rule set forth in Appendix B of that Decision as a part of the rules in the utility's tariff schedules. Accordingly, Appendix B of Decision No. 91188, Case No. 4930, is quoted herein:

"Appendix B"

- A. Any communications utility operating under the jurisdiction of this Commission shall refuse service to a new applicant and shall disconnect existing service to a Customer upon receipt from any authorized official of a law enforcement agency of a writing, signed by a magistrate, as defined by Penal Code sections 807 and 808, finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or that the service is being or is to be used as an instrumentality, directly or indirectly, to violate or to assist in the violation of the law. Included in the magistrate's writing shall be a finding that there is probable cause to believe not only that the subject telephone facilities have been or are to be used in the commission or facilitation of illegal acts, but that the character of such acts is such that, absent immediate and summary action in the premises, significant dangers to public health, safety, or welfare will result.
- B. Any person aggrieved by any action taken or threatened to be taken pursuant to this rule shall have the right to file a complaint with the Commission and may include therein a request of interim relief. The Commission shall schedule a public hearing on the complaint to be held within 20 calendar days of the filing of the complaint. The remedy provided by this rule shall be exclusive. No other action at law or in equity shall accrue against any communications utility because of, or as a result of, any matter or thing done or threatened to be done pursuant to the provisions of this rule.
- C. If communications facilities have been physically disconnected by law enforcement officials at the premises where located, without central office disconnection, and if there is not presented to the utility the written finding of a magistrate, as specified in paragraph 1 of this rule, then upon written request of the subscriber, the utility shall promptly restore such service.

- D. Any concerned law enforcement agency shall have the right to Commission notice of any hearing held by the Commission pursuant to paragraph 2 of this rule, and shall have the right to participate therein, including the right to present evidence and argument and to present and cross-examine witnesses. Such law enforcement agency shall be entitled to receive copies of all notices and orders issued in such proceeding and shall have both (1) the burden of proving that the use made or to be made of the service is prohibited by law, or that the service is being or is to be used as an instrumentality, directly or indirectly, to violate or to assist in the violation of the law and that the character of such acts is such that, absent immediate and summary action in the premises, significant dangers to public health, safety, or welfare will result, and (2) the burden of persuading the Commission that the service should be refused or should not be restored.
- E. The utility, immediately upon refusal or disconnection of service in accordance with paragraph 1 of this rule, shall notify the applicant or subscriber in writing that such refusal or disconnection has been made pursuant to a request by a law enforcement agency, naming the agency, and shall include with said notice a copy of this rule together with a statement that the applicant or subscriber may request information and assistance from the Commission at its San Francisco or Los Angeles office concerning any provision of this rule.
- F. At the expiration of 15 days after refusal or disconnection of service pursuant to paragraph 1 of this rule, the utility, upon written request of the applicant or subscriber, shall provide or restore such service unless the law enforcement agency concerned shall have notified the utility in writing of its objection to such provision or restoration of service, in which event service may be provided or restored only in a complaint proceeding pursuant to paragraph 2 of this rule. At the time of giving any such notice of objection, the law enforcement agency shall mail or deliver a copy thereof to the applicant or subscriber. Nothing in this paragraph shall be construed to preclude the granting of interim relief in a proceeding initiated pursuant to paragraph 2 of this rule.

A. Responsibilities

The Company will provide facilities, equipment, and services to its local loop demarcation point. The Company is responsible for the provisioning and maintenance of its facilities, equipment, and services to the local loop demarcation point, including those located at that point.

The Customer is responsible for the completion of services beyond the Company's local loop demarcation point.

Customer requested services beyond the local loop demarcation point may be provided by the Company at the Customer's expense.

B. Local Loop Demarcation Point

.1 The Company's Local Loop Demarcation Point separates the Company's network responsibility for its facilities, equipment and services from that of the building owner or end-user Customer. This demarcation point designates the end of the Company's network facilities (local loop) and the beginning of the intra building network cable (INC), if any, provided by the building owner.

Where a Local Loop Demarcation Point lacks sufficient power and/or space to support provisioning of new service, such service will be provisioned as close as practicable to the existing demarcation point.

.2 The Local Loop Demarcation Point may also be referred to as the Minimum Point of Entry (MPOE) or Minimum Point of Presence (MPOP) for the purpose of defining the end of the Company's network facilities.

.3 The Local Loop Demarcation Point is located at the MPOE/MPOP to any single or multi-story building, and includes the Company's entrance facility, except as set forth in Paragraph below. - (a) Emergency Reporting Services (E911/911): The demarcation point is at the Company-provided terminal equipment, including the equipment.
- (b) Disabled Services: The demarcation point is at the Company-provided terminal equipment. The Company's responsibility includes the equipment where the equipment has been provided by the Company.
- (c) Company-Provided Semi-Public and Public Coin Services: The demarcation point is at the equipment at the location requested by the Customer or building owner and includes the equipment.
- (d) If a property owner desires an additional Local Loop Demarcation Point(s) at a specified location on a Customer's premises for purposes of providing service assurance, safety, security and privacy of data communications over the cable (also known as Direct Feed), the owner will be required to pay for additional network cable and network facilities through special construction arrangements. In particular, additional Local Loop Demarcation Points cannot be used to extend any cable pairs served from any Local Loop Demarcation Point from location to another location.
- (e) Fiber Optic Cable: The demarcation point is at the Company-provided Fiber Optic Terminal (FOT) equipment. The Company's responsibility includes the FOT equipment where the equipment has been provided by the Company.
- (f) Carrier Points of Presence (POP): Local Loop Demarcation Point guidelines are not applicable for access services provided to interexchange carriers, local exchange carriers, and radio carriers (both private carriers and common carriers as defined by applicable Federal Communications Commission's regulations) Point of Presence location. However, the Local Loop Demarcation Point rules do apply to all Company-provided service(s) provisioned to a Point of Presence when the service(s) is used in the capacity of an end-user of the service(s).

C. INC Demarcation Point

- .1 The Intra building Network Cable (INC) demarcation point separates the building owner's responsibility to provide INC from the Customer's responsibility to provide inside wire, standard jacks, and customer premises equipment. This demarcation point designates the end of the INC provided by the building owner and the beginning of simple or complex inside wire provided by the Customer.
- .2 The INC demarcation point is located at the distribution terminal(s) on each floor in a multi-story building, except as set forth in Paragraph 3 below and B4 preceding.
- .3 Where there is no intra building network cable or it is in a single-story building, the INC demarcation is the Company's Local Loop Demarcation Point.

D. Inside Wire Demarcation Point

- .1 The inside Wire Demarcation Point is located where Customer premises equipment (CPE) is connected to the inside wire. This demarcation point designates the end of the inside wire and the beginning of the CPE facilities.
- .2 The Inside Wire Demarcation Point separates the inside wire vendor's responsibility from that of the CPE vendor. This demarcation point, where the Company is the vendor of choice for inside wire repair and the CPE trouble isolation, begins where the Customer's inside wire connects to the INC. Where there is no INC, the Inside Wire Demarcation Point is the MPOE.

E. Continuous Property

.1 Continuous Property is land which is

- (a) wholly owned by a single individual or entity, regardless of whether the owner leases¹ all or a portion(s) of the property to another and
- (b) which contains, or will contain, multiple buildings where all portions of the property may be served without crossing a public thoroughfare² or the property of another.

.2 There are three basic types of Continuous Properties:

- (a) Single-tenant commercial in which one owner or tenant occupies all building.
- (b) Mixed commercial and residential (e.g., building with both commercial and residential space or campus-type configurations such as colleges and military bases) in which a mixture of business and residential uses exists.
- (c) Multi-tenant commercial and/or residential in which several tenants occupy a building individually on a per-floor or per-section basis.

Single family homes and properties within which a portion(s) of the land is owned by separate entities and portion(s) is owned by the entities in common³ do not constitute Continuous Property.

¹ The property retains its character as a Continuous Property regardless of whether the owner or a lessee (who wholly leases the property from the owner) sublets a portion(s) of the property to another, e.g., apartment buildings or complexes. Condominiums also are Continuous Property.

² A "public thoroughfare" is a street, road, or other means of passage across a property which is not subject to restrictions on ingress, egress, or boundaries.

³ Such as townhomes and homes in gated communities.

E. Continuous Property, (Cont'd.)

.3 Continuous Property - Point of Demarcation

(a) For Continuous Property, regardless of use, the Company's Local Loop Demarcation Point will be at the appropriate main distribution terminal as determined by negotiations between the property owner and the Company. Where an agreement cannot be reached, the Company will designate the Local Loop Demarcation Point location.

(b) It is the property owner's responsibility to provide and maintain INC within and between buildings on a continuous property. The Company may, at the Customer request and expense, provide INC.

.4 Where an owner of Continuous Property requests additional Local Loop Demarcation Points or changes an existing local loop demarcation point, the owner will be required to pay for any additional network cable and facilities required through special construction agreements set forth in this price list, except as provided in the preceding paragraph.

.5 The INC and Inside Wire Demarcation Points are located as described above.

.6 At the request of a property owner, a Company may waive the designation of a single Local Loop Demarcation Point for a Continuous Property if, due to the unique characteristics of the property, a hardship would be created for the property owner and/or the Company. Examples of such Continuous Property include (a) national, state and local parks, beaches, highways, harbors and similar publicly owned property and (b) railroad rights-of-way and extensive, privately-owned tracts of land with developed communities (e.g., the City of Irvine) and similar privately-owned property. The Company will treat land within the boundaries of privately-owned property under (b) above as Continuous Property, provided that it had the characteristics of Continuous Property, e.g., (a) it is wholly leased by a single individual or entity and (b) it contains or will contain multiple buildings.

This paragraph is not intended in any way to waive the unbundling of INC in each building.

3.0 - SPECIAL SERVICE ARRANGEMENTS

1. Individual Case Basis (ICB) Arrangements

A. General Description

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer. The facilities utilized to provide these services are of a type normally used by the Telephone Company in furnishing its other services and shall be comparable with other Telephone Company services, and its engineering and maintenance practices. The requested service or arrangement is subject to the availability of the necessary Telephone Company personnel and capital resources.

B. Rate Regulations

Rates quoted in response to requests may be different than those specified for such services in this price list. The customer has one-hundred and eighty (180) days after receiving the ICB rates to order the service requested at the quoted rates.

C. Temporary Promotional Programs

The Company may establish temporary promotional programs wherein it may waive or reduce non-recurring or recurring charges, to introduce present or potential Customers to a service not previously received by the Customers.
